

STATEMENT OF PURPOSE

RS20055

This bill known as the “Idaho Replevin Act” codifies as state policy that all public records are the property of the citizens of the state of Idaho in perpetuity, and may not be improperly or unlawfully transferred or removed from their proper custodian. The bill creates an administrative remedy for all record custodians and civil enforcement provisions for violations of the policy. It allows the office of the Attorney General or county prosecutors to seek injunctive or other appropriate relief, in order to recover such missing records.
